Attendance

Last week's attendance winners in KS2 were Faraday Class with a fantastic 100%. The KS1 winners were Fahrenheit Class with 97%. Well done to both classes.

If your child is unwell and they are unable to attend school then please ring the school and **press the option 1** button to leave a message. We've recently had a number of messages being left on the wrong number.

Science Week

Our children had great fun last week with our extra science activities. Some of the children were especially enthralled by the beautiful birds of prey flying across the school hall! Many thanks to Mrs Delahaye our Science Leader who organised the week

Thank You Parents

We would like to thank all the parents who attended the Head's Coffee morning last week. It was great to see everybody and hear your ideas and feedback on a variety of issues. There will be another one next term if you missed it.

Parent Courses At The School

We've got two great courses starting at the school and they both have **Taster Sessions** which will give you the opportunity to try them out before signing up. Our **ESOL** course is starting with a taster session on **Tuesday (31st Jan)** in **The House**.

Our **Parent Gym** course will be having a taster session on **Friday 3rd February** in the **Loft**. The aim of **Parent Gym** is to help parents raise happy, confident children and each week a different theme is covered to support you with this. **The Parent Gym** organisation has had great success and the feedback from parents who have done the course is very good. Look at their website if you want more information at www.parentgym.com

Parking—polite reminder

Can we please remind parents that they should not be parking their car in the entrance way to the school building or across the front of local residents' driveways either.
